Not only will the annual election of officers be held, but the club will take up matters pertaining to the securing of a new club ground and also decide unon plans for the Idaho-Utah trap shooting tournament scheduled for next spring, which is considered the biggest trap shooting tournament held in the intermountain country. There seems to be little life in the club at the present time. There are so many people in this city who like to shoot that it is thought that a reorganization of the club will be of great benefit. While the sport of trap shooting has always been considered a rich man's pastime, it is not so expensive but what the average man can take a hand and become a useful and active member. AVIATORS LEAVE NEW YORK FOR LOS ANGELES

NEW YORK, Jan. 4—Mr. and Mrs. Louis Paulhan and their company of aviators will leave late tonight for Los-Angeles, where the French aeroplanist will make his first aerial exploits in this country. His aerial "stable," consisting of twe Farnam biplanes and two Bleroit monoplanes, has already started on its trip across the continent.

The action of the Wright brothers in filing a bill of complaint in a suit against Faulhan for infringement of their patents will have little or no effect on the flights. In fact, all the Wright lawyers ask for is a bond, so that in case the court's decide that Paulhan's machines are infringements he can be made to pay a royalty on the money he takes in by the use of the aeroplanes.

'I intend to make some world's records while in this country,' he says. "I will fly as high and as far as my machine will take ma.
